Community Mental Health Common Assessment Project

## Core + Self OCAN 2.0

Revision 2.0.5

# OCAN Consumer Self-Assessment

## ➔ Welcome to this opportunity to speak with your own voice

This agency is providing you the opportunity to complete the OCAN Consumer Self-assessment. This formal process is becoming standard across the province to ensure consumers' views about their needs are heard.

## ➔ Why we would like you to take this opportunity:

- You can choose to bring this information to other agencies to reduce the number of times you have to answer questions. These questions are becoming common to all community mental health agencies.
- Agencies can work with you to better find the right help the first time because it asks a broad set of questions to cover all your needs.
- You can fully discuss your needs. The answers you give will help determine what services you will receive, and how to prioritize your goals.
- You can record your comments in every section, as well as your hopes, dreams and goals so that a plan can be developed to help you get there.

You decide how many of the questions you answer and the amount of time you need to complete it. You can decide whether or not you want some help, and choose this help from a number of options including a peer support worker, other trusted worker, family, friends, etc. You also have the option to answer some or all of the questions.

## ➔ How will my answers be used?

Your answers to the questions in OCAN are intended to be used to help you get the support you need. This information may only be used and shared with other agencies if you say "yes". You can say "no" to sharing information and you can change your mind later on. Saying "no" to sharing will not prevent you from receiving services and support.

- Information collected using the self-assessment represents your view of where you are today.
- Sharing that information can be an essential part of getting the services you need.
- You decide how and when your information is used and shared with others.

## ➔ How do I give my consent?

The agency will provide a consent form with the OCAN assessment. The consent is the place for you to show you want to use OCAN and how you want your answers to be used.

**Is spirituality an important part of your life?**

**Is culture (heritage) an important part of your life?**

## CORE + Self OCAN

### ➔ Using CORE + Self OCAN

This agency is using the CORE + Self OCAN which provides consumers the opportunity to complete the OCAN Consumer Self-assessment to ensure consumers' views about their needs are heard. It also includes the Consumer Information Summary and Service Use sections of OCAN which capture the information that this agency reports as a community mental health service provider.

### ➔ Important points to communicate to the consumer:

#### **Use of consumer responses**

The answers consumers provide to questions in OCAN will be used to help them get the support they need. This information may only be used and shared with other agencies if they agree. A consumer may refuse to share any information they wish, and may change their mind at a later time. Choosing not to complete OCAN will not prevent consumers from receiving services.

- Information collected using the self-assessment represents their view of where they are today.
- Sharing that information can be an essential part of getting the services they need.
- They decide how and when their information is used and shared with others.

#### **Consumer consent**

The agency will provide a consent form to consumers with the OCAN. The consent is the place for them to indicate their desire to use OCAN and how they want their information to be shared with others.
